

# Ethically speaking, the WEF is BANKRUPT

For 20 years, I have been out on the streets of Davos during the WEF as a street worker, seeking dialog with the wealth-extremists who - without a popular mandate - are destroying more and more of Mother Earth. It is precisely these people who want to dictate to us HOW we should live/die, while the helicopters set the rhythm over our heads. Most of these "Green Dealers" - rush from one apéro to the next and hardly have any time for conversation.

Yet the WEF has prided itself on being a neutral dialog-platform for years. In 2020, **Hilde and Klaus Schwab** were confronted by the Davos Newspaper with the contradiction between the WEF's 50-year-old goal of improving the world and the constant increase in suffering. Willingness to engage in dialog: ZERO. This fits in with "peace talks", without Russia. Obviously wars are so lucrative for wealth-extremists, that they **MUST take place and last a long time**. Example: the 2015 Minsk "peace agreement" was misused by **Merkel, Hollande and Poroshenko** to prepare for war...

I recently attended a course with WEF Director **Alois Zwinggi**. He claimed that the WEF excludes the tobacco and arms industries. After 2 minutes of research, it becomes clear that **fake news** is also booming at the WEF: **Larry Fink**, boss of BlackRock & part of WEF board, invests in EVERYTHING that can turn money into even more money. **Zwinggi** went on to talk about a conversation with CEO **Mark Walder** (Ringier/Axel Springer, promoter of court reporting): **"Alois - don't believe everything the media says."** I take this advice to heart - especially since I know that "philanthropists" like **Gates** or **Soros** periodically invest 100's of millions in the ma\$\$media: Therefore, **CHECK EVERYTHING AND KEEP THE GOOD. (1 Thess 5:21)**

After all, **Henry Kissinger** made compromise proposals during the 23rd WEF. This was ignored - so another 10,000's of people were murdered because of the greed of war profiteers. After **Kissinger's** death, SRF wrote about his **trail of blood** in Vietnam, Cambodia, Chile, Argentina. **Schwab** (Kissinger's disciple) has never publicly criticized the **BIG** (crimes e.g. of Israel or the USA/GB) - but **small people** e.g. from Davos. They were threatened if they did not become more WEF-friendly. This fits in with **Y.N. Harari's** caste system: "Extrem rich = **virtual gods** ↔ **useless eaters**, should be happy with drugs and computer games." **Vladimir Selensky** would like to send even more **small people** - including from NATO - to the front, while he and his caste comrades could accumulate billions more, even with Swiss help!!!  
./.

Since the WEF captured the heavily indebted UN in 2019 (Memorandum of Understanding for the Agenda 2030), the UN has been run by **BIG** corporations. This is also the case in the EU. Quote from **Ursula von der Leyen** 2020, who was not elected by the people (secret SMS billion-dollar deals with **Albert Bourla**): **"Thank you Bill for your leadership!"** Exactly at Easter 2020, leader **Bill Gates** preached on ARD: **"We will vaccinate seven billion people."** Governments have pushed through the dictates of the doctor, epidemiologist, virologist ☹, climate expert and philanthropist **Gates** in their subject territories. **Since then, the top 10 wealth-extremists have doubled their assets, hunger has multiplied, excess mortality is on the rise, psychiatric damage among young people is out of control, debt is making citizens/states more and more vulnerable to blackmail and those responsible are receiving medals of merit. Further emergency scenarios are to be developed - that goes without saying. Climate emergency and the pandemic treaty from the WHO are in the pipeline ... «MONEY rules" - as the saying goes. Schwab confirms this. Quote: "We penetrate the cabinets... more than half of the Canadian cabinet are Young Global Leaders. It's the same in Argentina and France..."** Once again this year, fear/panic is being stirred up with "climate emergency". Clearly only the **little ones** will have to change their lives: What is being concealed is, that the Paris Agreement **excludes the most harmful** behaviours: **1)**wars/ military, **2)**aviation (no taxes on kerosene), **3)**ocean transport, **4)**geoengineering, **5)**the consumestyle of the wealth-extremists.

Volcanic eruptions are simply ignored by "climate experts" such as **John Kerry**. **Al Gore's** panic-mongering from 2009 fits in with this: **"The Arctic could be ice-free as early as 2014!"** The biggest **indulgence** (confirmed by **Alois Zwinggi**) is the (forced) expropriation of SME farmers. Food sovereignty is being intentionally reduced!!!

**"Who controls the food supply controls the people; who controls the energy can control whole continents; who controls money can control the world"**  
(Henry Kissinger)

The best protection of the environment/  
**NATURE** would be the enforcement of  
correspondingly huge destruction levies  
(polluter pays principle) by the military-  
industrial complex:

**Peace would be immediately profitable...**

Since the WEF is ethically/ morally  
bankrupt, it is unlikely that they  
understand...
